A. DEFINITIONS AND GENERAL INFORMATION

1. Definitions. The following words shall be defined as set forth below:

- i. **"Contractor"** means the provider of the Services under the Contract as identified in paragraph 1 on page 1.
- ii. **"Department"** means the Georgia Department of Public Health.
- iii. **"Purchase Instrument"** means the documentation issued by the Department to the Contractor for a purchase of Services in accordance with the terms and conditions of the Contract. The Purchase Instrument should reference the Contract and may include an identification of the items to be purchased, the delivery date and location, the address where the Contractor should submit the invoices, and any other requirements deemed necessary by the Department.
- iv. **"Response", "Contractor's Response" or "Final Response"** means the Contractor's response to the RFX, including any modifications or clarifications accepted by the Department.
- v. **"RFX"** means the Request for Proposal, Request for Bid, or other solicitation document (and any amendments or addenda thereto) specifically identified in the Department Standard Contract Form, which solicitation document was issued (electronically or by other means) to solicit the Services that are subject to the Contract.
- vi. **"Services"** means the services and deliverables as provided in the RFX and as further described by the Response and the Contract.

2. Priority of Contract Provisions. The terms of this Contract for Services and these Contract Terms and Conditions for Services shall control over any contradictory language appearing in any other attached contract document. Any contract terms and conditions included on Contractor's invoices shall not bind the Department.

3. Reporting Requirements. Contractor shall provide all reports required by the RFX. In addition, unless otherwise provided in the RFX, Contractor shall keep a record of the purchases made pursuant to the Contract and shall submit a quarterly written report to the Department.

B. DURATION OF CONTRACT

1. Contract Term. The Contract shall begin and end on the dates specified in the Department Standard Contract Form unless terminated earlier in accordance with the applicable terms and conditions.

2. **Contract Renewal.** If renewals are authorized on paragraph 2 on page 1, the Department shall have the option, in its sole discretion, to renew the Contract for additional one-year terms by giving the Contractor written notice of the renewal decision. Upon the Department's election, in its sole discretion, to renew any part of this Contract, Contractor shall remain obligated to perform in strict accordance with this Contract unless otherwise agreed by the Department and the Contractor. The Contract shall be renewed at the same amount with the same deliverables unless otherwise agreed upon.

C. DESCRIPTION OF SERVICES

1. **Specification in Bidding Documents.** All Services shall be provided in accordance with the specifications contained in the RFX, the terms of the Contract, and as further described in Contractor's Response.
2. **Product Shipment and Delivery.** All products, if any, shall be shipped F.O.B. destination. Destination shall be the location(s) specified in the RFX or any provided Purchase Instrument. All items shall be at the Contractor's risk until they have been delivered and accepted by the receiving entity. All items shall be subject to inspection on delivery. Hidden damage will remain the responsibility of the Contractor to remedy without cost to the Department, regardless of when the hidden damage is discovered.

D. COMPENSATION

1. **Pricing and Payment.** The Contractor will be paid for the Services sold pursuant to the Contract in accordance with the RFX and final pricing documents as incorporated by paragraph 6 on page 1. Unless clearly stated otherwise in the Contract, all prices are fixed and are not subject to variation. Prices include, but are not limited to freight, insurance, fuel surcharges and customs duties.
2. **Billings.** If applicable, and unless the RFX provides otherwise, the Contractor shall submit, on a regular basis, an invoice for the Services supplied to the Department under the Contract at the billing address specified in the Purchase Instrument or Contract. The Department shall pay all approved invoices in arrears.

Unless otherwise agreed in writing by the Department and the Contractor, the Contractor shall not be entitled to receive any other payment or compensation from the Department for Services provided by or on behalf of the Contractor under the Contract. The Contractor shall be solely responsible for paying all costs, expenses and charges it incurs in connection with its performance under the Contract.

3. **Delay of Payment Due to Contractor's Failure.** If the Department in good faith determines that the Contractor has failed to perform or deliver Services as required by the Contract, the Contractor shall not be entitled to any compensation under the Contract until such Services are properly performed. In this event, the Department may withhold that portion of the Contractor's compensation which represents payment for Services that were not delivered or performed. To the extent that the Contractor's failure to perform or deliver in a timely manner causes the Department to incur costs, the Department may deduct the amount of such incurred costs from any amounts payable to Contractor. The Department's authority to deduct

such incurred costs shall not affect the Department's authority to terminate the Contract.

4. **Set-Off Against Sums Owed by the Contractor.** In the event that the Contractor owes the Department any sum under the terms of the Contract, the Department may set off the sum owed to the Department against any sum owed by the Department to the Contractor in the Department's sole discretion.

E. TERMINATION

1. **Summary Termination.** The Department may terminate the Contract for any one or more of the following reasons effective immediately without advance notice:
 - i. The revocation or loss of any certification or license which Contractor is required to have as a condition precedent to providing such Services;

 - iii. The Contractor fails to comply with confidentiality laws or obligations;
 - iv. The Contractor furnished any statement, representation or certification in connection with the Contract or the bidding process which is materially false, deceptive, incorrect or incomplete; or
 - v. Pursuant to O.C.G.A. Section 50-5-64, if the Department determines, in its sole discretion, that appropriated and otherwise unobligated funds are no longer available to satisfy the obligations of the Department under this contract.
2. **Termination for Cause.** The occurrence of any one or more of the following events shall constitute cause for the Department to declare the Contractor in default, and to terminate the Contract if such default is not cured to the Department's satisfaction within thirty days after receiving written notice of default:
 - i. The Contractor fails to deliver or has delivered nonconforming Services, or fails to perform, to the Department's satisfaction, any material requirement of the Contract, or is in violation of a material provision of the Contract, including, but without limitation, the express warranties made by the Contractor;
 - ii. The Department determines that satisfactory performance of the Contract is substantially endangered or that a default is likely to occur;
 - iii. The Contractor fails to make substantial and timely progress toward performance of the Contract;
 - iv. The Contractor terminates or suspends its business, or the Department reasonably believes that the Contractor has become insolvent or unable to pay its obligations as they accrue consistent with applicable federal or state law;

- v. The Contractor has failed to comply with applicable federal, state and local laws, rules, ordinances, regulations and orders when performing within the scope of the Contract;
 - vi. The Contractor has engaged in conduct that has or may expose the Department or the State to liability, as determined in the Department's sole discretion; or
 - vii. The Contractor has infringed any patent, trademark, copyright, trade dress or any other intellectual property rights of the Department, the State, or a third party.
3. **Termination For Convenience.** Following thirty days' written notice, the Department may terminate the Contract in whole or in part without the payment of any penalty or incurring any further obligation to the Contractor. Following termination for convenience, the Contractor shall be entitled to compensation, upon submission of invoices and proper proof of claim, for Services provided under the Contract to the Department up to and including the date of termination.
4. **The Contractor's Termination Duties.** Upon receipt of notice of termination or upon request of the Department, the Contractor shall:
- i. Cease work under the Contract and take all necessary or appropriate steps to limit disbursements and minimize costs, and furnish a report within thirty days of the date of notice of termination, describing the status of all work under the Contract, including, without limitation, results accomplished, conclusions resulting therefrom, and any other matters the Department may require;
 - ii. Immediately cease using and return to the State, any personal property or materials, whether tangible or intangible, provided by the State to the Contractor;
 - iii. Comply with the State's instructions for the timely transfer of any active files and work product produced by the Contractor under the Contract;
 - iv. Cooperate in good faith with the Department and its employees, agents and contractors during the transition period between the notification of termination and the substitution of any replacement contractor; and
 - v. Immediately return to the Department any payments made by the Department for Services that were not delivered or rendered by the Contractor.

F. CONFIDENTIAL INFORMATION

1. **Access to Confidential Data.** The Contractor's employees, agents and subcontractors may have access to confidential data maintained by the State to the extent necessary to carry out the Contractor's responsibilities under the Contract. The private or confidential data shall remain the property of the State at all times. Some Services performed for the Department may require the Contractor to sign a nondisclosure agreement. Contractor understands and agrees that refusal or failure to sign such a nondisclosure agreement, if required, may result in termination of the Contract.

- 2. **No Dissemination of Confidential Data.** No confidential data collected, maintained, or used in the course of performance of the Contract shall be disseminated except as authorized by law and with the written consent of the State, either during the period of the Contract or thereafter. Any data supplied to or created by the Contractor shall be considered the property of the State. The Contractor must return any and all data collected, maintained, created or used in the course of the performance of the Contract, in whatever form it is maintained, promptly at the request of the State.
- 3. **Subpoena.** In the event that a subpoena or other legal process is served upon the Contractor seeking records containing confidential information, the Contractor shall promptly notify the State and cooperate with the State in any lawful effort to protect the confidential information.
- 4. **Reporting of Unauthorized Disclosure.** The Contractor shall immediately report to the State any unauthorized disclosure of confidential information.
- 5. **Survives Termination.** The Contractor's confidentiality obligation under the Contract shall survive termination of the Contract.

G. INDEMNIFICATION

- 1. **Contractor's Indemnification Obligation.** The Contractor agrees to indemnify and hold harmless the State Government Tort Claims Fund, the Department, and its officers, employees, agents, and volunteers (collectively "Indemnified Parties") from any and all costs, expenses, losses, claims, damages, liabilities, settlements and judgments, related to or arising from:

 - viii. Any infringement of any copyright, trademark, patent, trade dress, or other intellectual property right; or
 - ix. Any failure by the Contractor to adhere to the confidentiality provisions of the Contract.
2. **Patent/Copyright Infringement Indemnification.** Contractor shall, at its own expense, be entitled to and shall have the duty to assist in the defense of any suit instituted against the State and indemnify the State against any award of damages and costs made against the State in such suit insofar as the same is based on any claim that any of the Services constitutes an infringement of any United States Letters Patent or copyright, provided the State gives the Contractor immediate notice in writing of the institution of such suit, permits Contractor to fully participate in the defense of the same, and gives Contractor all available information, assistance and authority to enable Contractor to do so. Contractor shall have the right to enter into negotiations for and the right to effect settlement or compromise of any such action, but no such settlement shall be binding upon the State unless approved by the State.

J. WARRANTIES

1. **Construction of Warranties Expressed in the Contract with Warranties Implied by Law.**

All warranties and representations made by the Contractor and its subcontractors in the Contract and the Contractor's Response, whether or not the Contract specifically denominates warranties and representations as a warranty or whether the warranty is created only by the Contractor's affirmation or promise, or is created by a description of the Services to be provided, or by provision of samples to the State shall not be construed as limiting or negating any warranty provided by law, including without limitation, warranties which arise through course of dealing or usage of trade, the warranty of merchantability, and the warranty of fitness for a particular purpose. The warranties expressed in the Contract are intended to supplement any warranties that may be implied or imposed by law.

2. **Warranty – Nonconforming Services and Goods.** All Services and any goods delivered by Contractor to the Department shall be free from any defects in design, material, or workmanship. If any Services or goods offered by the Contractor are found to be defective in material or workmanship, or do not conform to Contractor's warranty, then the Department shall have the option of remedying same at Contractor's expense. Payment by the Department shall not constitute acceptance or relieve the Contractor of any obligation under the Contract.

3. **Compliance with Federal Safety Acts.** Contractor warrants and guarantees to the State that the Services provided under the Contract are in compliance with Sections 5 and 12 of the Federal Trade Commission Act; the Fair Packaging and Labeling Act; the Federal Food, Drug, and Cosmetic Act; the Consumer Product Safety Act; the Federal Environmental Pesticide Control Act; the Federal Hazardous Substances Act; the Fair Labor Standards Act; the Wool Products Labeling Act; the Flammable Fabrics Act; the Occupational Safety and Health Act; the Office of Management and Budget A-110 Appendix A; and the Anti-Kickback Act of 1986.

Title to any supplies, materials, or equipment shall remain in the Contractor until fully paid for by the Department. Except as otherwise expressly authorized by the

Department, all materials produced by Contractor personnel in performance of Services, including but not limited to software, charts, graphs, diagrams, video tapes and other project documentation shall be deemed to be work made for hire and shall be the property of the State of Georgia.

6. **Industry Standards.** The Contractor warrants that all aspects of the Services provided by it shall at a minimum conform to the standards in the Contractor's industry. This requirement shall be in addition to any express warranties, representations, and specifications included in the Contract, which shall take precedence.
7. **Contractor's Personnel and Staffing.** Contractor warrants that all persons assigned to perform the Services under this Contract are either lawful employees of Contractor or lawful employees of a Subcontractor authorized by the Department. All of Contractor or any subcontractor's personnel shall comply with the confidentiality requirements of the Contract and the security requirements of the applicable Department while on state property. In the event that any of Contractor or subcontractor's personnel do not comply with such confidentiality and security requirements, the Department may have the personnel removed from State premises.

All persons assigned to perform the Services under this Contract shall be qualified to perform such Services. Personnel assigned by Contractor shall have all professional licenses required to perform the Services. The Contractor shall perform all necessary repairs or modifications at its sole expense except to any extent that the Contractor and the State shall agree to the performance of such repairs by the State upon mutually acceptable terms.

L. CONTRACT ADMINISTRATION

- 1. Order of Preference.** In the case of any inconsistency or conflict among the specific provisions of the Department Standard Contract Terms and Conditions (including any amendments accepted by both the Department and the Contractor attached hereto), the RFX (including any subsequent addenda), and the Contractor's Response, any inconsistency or conflict shall be resolved as follows:
 - i. First, by giving preference to the specific provisions of the Department Standard Contract Terms and Conditions.
 - ii. Second, by giving preference to the specific provisions of the RFX.
 - iii. Third, by giving preference to the specific provisions of the Contractor's Response, except that objections or amendments by a Contractor that have not been explicitly accepted by the Department in writing shall not be included in this Contract and shall be given no weight or consideration.
- 2. Intent of References to Bid Documents.** The references to the parties' obligations, which are contained in this document, are intended to supplement or clarify the obligations as stated in the RFX and the Contractor's Response. The failure of the parties to make reference to the terms of the RFX or the Contractor's Response in this document shall not be construed as creating a conflict and will not relieve the Contractor of the contractual obligations imposed by the terms of the RFX and the Contractor's Response. The contractual obligations of the Department cannot be implied from the Contractor's Response.
- 3. Compliance with the Law.** The Contractor, its employees, agents, and subcontractors shall comply with all applicable federal, state, and local laws, rules, ordinances, regulations and orders now or hereafter in effect when performing under the Contract, including without limitation, all laws applicable to the prevention of discrimination in employment and the use of targeted small businesses as subcontractors or contractors. The Contractor, its employees, agents and subcontractors shall also comply with all federal, state and local laws regarding business permits and licenses that may be required to carry out the work performed under the Contract. Contractor and Contractor's personnel shall also comply with all State and Department policies and standards in effect during the performance of the Contract, including but not limited to the Department's policies and standards relating to personnel conduct, security, safety, confidentiality, and ethics.
- 4. Drug-free Workplace.** The Contractor hereby certifies as follows:
 - i. Contractor will not engage in the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana during the performance of this Contract; and
 - ii. If Contractor has more than one employee, including Contractor, Contractor shall provide for such employees a drug-free workplace, in accordance with the Georgia Drug-free Workplace Act as provided in O.C.G.A. Section 50-24-1 et seq., throughout the duration of this Contract; and

- iii. Contractor will secure from any subcontractor hired to work on any job assigned under this Contract the following written certification: "As part of the subcontracting agreement with (Contractor's Name), (Subcontractor's Name) certifies to the contractor that a drug-free workplace will be provided for the subcontractor's employees during the performance of this Contract pursuant to paragraph 7 of subsection (b) of Code Section 50-24-3".
- 5. **Boycott of the Nation of Israel Prohibited.** The Contractor certifies that it is not currently engaged in a boycott of the nation of Israel, and that it will not engage in such a boycott for the duration of this contract.
- 6. **Amendments.** The Contract may be amended only through a writing signed by both parties. If the contract award exceeds the delegated purchasing authority of the Department, then the Department must obtain approval of the amendment from the Department of Administrative Services (DOAS).
- 6. **Third Party Beneficiaries.** There are no third-party beneficiaries to the Contract. The Contract is intended only to benefit the State and the Contractor.
- 7. **Choice of Law and Forum.** The laws of the State of Georgia shall govern all matters arising out of or in connection with this Contract without regard to the choice of law provisions of State law. In the event any civil action is commenced in connection with this Contract, such civil action shall be brought in the State or Superior Court of Fulton County, Georgia. This provision shall not be construed as waiving any immunity to suit or liability, including without limitation sovereign immunity, which may be available to the State.
- 8. **Notice of Intent to Litigate and Alternative Dispute Resolution Procedures.** No civil action with respect to any dispute, claim, or controversy arising out of or relating to this Contract may be commenced without first giving fourteen calendar days written notice of the claim and the intent to initiate a civil action. At any time prior to the commencement of a civil action, the State may elect to submit the matter to non-binding mediation or to binding arbitration. The parties will cooperate with one another in selecting a mediator or arbitrator and in scheduling the mediation or arbitration proceedings. Venue for the mediation or arbitration will be in Atlanta, Georgia; provided, however, that any mediation proceedings may be conducted by teleconference with the consent of the mediator. The parties covenant that they will participate in the mediation in good faith.

All offers, promises, conduct and statements, whether oral or written, made in the course of the mediation by any of the parties, their agents, employees, experts and attorneys, and by the mediator or employees of any mediation service, are inadmissible for any purpose (including but not limited to impeachment) in any proceeding involving the parties, provided that evidence that is otherwise admissible or discoverable shall not be rendered inadmissible or non-discoverable as a result of its use in the mediation.

No party may commence a civil action with respect to any matters submitted to mediation until forty-five days after the completion of the initial mediation session.

- 9. **Assignment and Delegation.** The Contract may not be assigned, transferred or conveyed in

whole or in part without the prior written consent of the Department.

- 10. Use of Third Parties.** Except as may be expressly agreed to in writing by the Department, Contractor shall not subcontract, assign, delegate or otherwise permit anyone other than Contractor or Contractor's personnel to perform any of Contractor's obligations under this Contract or any of the work subsequently assigned under this Contract. No subcontract which Contractor enters into with respect to performance of obligations or work assigned under the Contract shall in any way relieve Contractor of any responsibility, obligation or liability under this Contract and for the acts and omissions of all subcontractors, agents, and employees. All restrictions, obligations and responsibilities of the Contractor under the Contract shall also apply to the subcontractors. Any contract with a subcontractor must also preserve the rights of the Department. The Department shall have the right to request the removal of a subcontractor from the Contract for good cause.
- 11. Integration.** The Contract represents the entire agreement between the parties. The parties shall not rely on any representation that is not included in the Contract. Unless otherwise specified in the Contract, this Contract supersedes all prior contracts or agreements between the Department and the Contractor for the Services provided in connection with the Contract.
- 12. Not a Joint Venture.** Nothing in the Contract shall be construed as creating or constituting the relationship of a partnership, joint venture, or principal and agency relationship between the parties. Neither Contractor nor any of Contractor's agents, servants, employees, subcontractors or contractors shall become or be deemed to become agents, servants, or employees of the State.
- 13. Waiver.** Except as specifically provided for in a waiver signed by duly authorized representatives of the Department and the Contractor, failure by either party at any time to require performance by the other party or to claim a breach of any provision of the Contract shall not be construed as affecting any subsequent right to require performance or to claim a breach.
- 14. Severability.** If any provision of the Contract is determined to be invalid or unenforceable, such determination shall not affect the validity or enforceability of any other part or provision of the Contract. Further, if any provision of the Contract is determined to be unenforceable by virtue of its scope, but may be made enforceable by a limitation of the provision, the provision shall be deemed to be amended to the minimum extent necessary to render it enforceable under the applicable law.
- 15. Time is of the Essence.** Time is of the essence with respect to the performance of the terms of the Contract.
- 16. Record Retention and Access.** The Contractor shall maintain books, records and documents in accordance with generally accepted accounting principles and procedures and which sufficiently and properly document and calculate all charges billed to the State throughout the term of the Contract for a period of at least five years following the date of final payment, termination, or completion of any required audit, whichever is later. Records to be maintained include both financial records and service records. The Contractor shall permit the Auditor of the State of Georgia or any authorized representative of the State, and where federal funds are involved, the Comptroller General of the United States, or any other

authorized representative of the United States government, to access and examine, audit, excerpt and transcribe any directly pertinent books, documents, papers, electronic or optically stored and created records or other records of the Contractor relating to orders, invoices or payments or any other documentation or materials pertaining to the Contract, wherever such records may be located during normal business hours. The Contractor shall not impose a charge for audit or examination of the Contractor's books and records. If an audit discloses incorrect billings or improprieties, the State reserves the right to charge the Contractor for the cost of the audit and appropriate reimbursement. Evidence of criminal conduct will be turned over to the proper authorities.

- 17. Debarred, Suspended, and Ineligible Status.** Contractor warrants that neither Contractor nor any of its subcontractors has been debarred, suspended, or declared ineligible by any agency of the State of Georgia, or as defined in the Federal Acquisition Regulation (FAR) 48 C.F.R. Ch.1 Subpart 9.4. Contractor will immediately notify the Department if Contractor is debarred by the State or placed on the Consolidated List of Debarred, Suspended, and Ineligible Contractors by a federal entity.
- 18. Use of Name or Intellectual Property.** Contractor agrees it will not use the name of the Georgia Department of Public Health or any intellectual property owned by the State of Georgia, including but not limited to State trademarks or logos, in any manner, including commercial advertising or as a business reference, without the express prior written consent of the Department.
- 19. Taxes.** Contractor is responsible for the payment of any federal taxes that may be due on goods or services provided under this Contract, including income tax withholding and payroll taxes. The Department is exempt from State and Local Sales and Use Taxes. Tax Exemption Certificates will be furnished upon request.
- 20. Certification Regarding Sales and Use Tax.** By executing the Contract the Contractor certifies it is either (a) registered with the State Department of Revenue, collects, and remits State sales and use taxes as required by Georgia law, including Chapter 8 of Title 48 of the O.C.G.A.; or (b) not a "retailer" as defined in O.C.G.A. Section 48-8-2.
- 21. Obligations Beyond Contract Term.** All obligations of the Contractor incurred or existing under the Contract as of the date of expiration, termination or cancellation will survive the termination, expiration or conclusion of the Contract.
- 22. Further Assurances and Corrective Instruments.** The Department and the Contractor agree that they will, from time to time, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered, such supplements hereto and such further documents as may reasonably be required for carrying out the Contract.
- 23. Transition Cooperation and Cooperation with other Contractors.** Contractor agrees that upon termination of this Contract for any reason, it shall provide sufficient efforts and cooperation to ensure an orderly and efficient transition of services to the State or another contractor. The Contractor shall provide full disclosure to the State and the third-party contractor about the equipment, software, or services required to perform the Services for the State. 4.0 DEFINITIONS

- 4.1 **Budget Category** - A numbering system used for budget and accounting purposes that corresponds to a specific program name. Numbers reduce chances of confusion with similar program names.
- 4.2 **Contractor's Fiscal Year** - The 12-month accounting period established by the entity as its business year, which is on file with the U.S. Internal Revenue Service as the basis for filing required for tax and Tax Exempt Status Returns.
- 4.3 **Entity** - An organization receiving funds from DPH exclusive of Public Health field offices.
- 4.4 **Expense Category** - A numbering system corresponding to a list of specific services within a Budget Category, where the amount of funds used to pay for the service are recorded for accounting purposes.
- 4.5 **Independent Auditor** –
 - 4.5.1 A Certified Public Accountant (CPA); or
 - 4.5.2 A Registered Public Accountant (RPA) licensed on or before December 31, 1970; or

- 4.5.3 A government Auditor located outside the staff or line management function of the unit under audit.

To be independent, the auditor's relationship with the auditee is of such an "arm's length" nature so as to preclude any appearance of bias, or any obligation to or interest in the auditee, its management or its owners. Relationships or combinations of relationships with the auditee must not create any conflict of interest that impairs the auditor's integrity and objectivity with respect to the audit engagement. It is inappropriate in some circumstances for auditors to perform both audit and non-audit services for the same client.

- 4.5.4 **Major Program** - A federally funded program determined by the auditor to be a major program in accordance with 2 CFR Part 200, Section 518 or a program defined as a major program by a federal agency.

- 4.5.5 **Non-Federal Entity** - A state, local government, or a nonprofit organization.

- 4.5.6 **Non-Profit Organization** - Any corporation, trust, association, cooperative, or other organization that is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest; is not organized primarily for profit; and uses its net proceeds to maintain, improve, or expand its operations.

- 4.5.7 **Program** - A grouping of activities and resources to accomplish a mission with specific goals and objectives. Some programs have names, some have numbers, and some have both. Usually programs are budgeted by number for ease of tracking and to reduce potential confusion. Budget categories can and are considered to be programs. Federal programs are considered to be those activities that are or can be assigned a single number in the Catalog of Federal Domestic Assistance (CFDA). When no CFDA number is assigned, all federal awards from the same agency made for the same purpose are to be combined and considered one program. Throughout this procedure, the term "program" refers either to a named activity or an activity that is numbered.

- 4.5.8 **Public Entity** - Includes, but is not limited to: state and local governments and their instrumentalities; authorities; county Boards of Health; Community Service Boards; and District Attorneys (judicial circuits) operating programs through contracts with DPH.

- 4.5.9 **Sanctions** - Penalties imposed by the Department on those fund recipients who do not abide by their contract requirements for audit reports and fail to comply with state law regarding timeliness. Sanctions may include: reimbursements being withheld, contracts being canceled, recoupment of

funds, and denial of further contracts with the Department for a period of 12 months.

4.5.10 Schedule of State Awards Expended - A schedule arranged by state program name and contract number that reflects revenues, expenditures, or expenses and amounts owed to and due from each state organization. Amounts listed for each program should include federal funds that pass through state organizations to the entity.

- 6.1.4 The Office of Audits reviews the information and determines compliance with O.C.G.A. Section 50-20-1 through 50-20-8, as amended, 1998 Legislative Session.
- 6.1.5 The Office of Audits notifies the Contracts Section of the Division of Operations and/or the Programmatic Officer/Business Owner of the results of its review. For instances of non-compliance with requirements, the omitted items are specified.

The Positive Alternatives for Pregnancy and Parenting Grant Program is established to develop a state-wide effort that promotes healthy pregnancies and childbirth by awarding grants to nonprofit organizations to provide pregnancy support services at no cost. The Contract Management Agency (hereinafter, "the Agency") will select Direct Client Service Providers (hereinafter, "Providers") and subcontract with the Providers to provide pregnancy support services.

The Agency will be responsible for

- (1) Creating the grant application process
- (2) Evaluating grant applications and make recommendations to the state entity
- (3) Communicating acceptance or denial of grant applications to direct client service providers
- (4) Monitoring compliance with the terms and conditions of the grant
- (5) Maintaining records for each grant applicant and award
- (6) Coordinating activities and correspondence between the state entity and direct client service providers

The Agency will be awarded funds to implement the Positive Alternatives to Parenting and Pregnancy Program, including providing oversight and funding to sub-grantees. Therefore, the total contract dollar amount awarded will exceed the cost proposal as submitted by the responsible and responsive supplier and will include a separate line for Provider Costs which will be determined by the State Entity.

This eRFP is being sourced through an electronic sourcing tool approved by the Department of Administrative Services ("DOAS") and all suppliers' responses must be submitted electronically in accordance with the instructions contained in Section 2 "Instructions to Suppliers" of this eRFP. Electronic competitive sealed proposals will be administered pursuant to the Georgia Electronic Records and Signature Act. Please note electronic competitive sealed proposals meet the sealed proposal requirements of the State of Georgia, an electronic record meets any requirements for writing, and an electronic signature meets any requirements for an original signature.

1.3. Overview of the eRFP Process

The objective of the eRFP is to select a qualified supplier to provide the goods and/or services outlined in this eRFP to the State Entity. This eRFP process will be conducted to gather and evaluate responses from suppliers for potential award. After evaluating all suppliers' responses received prior to the closing date of this eRFP and following negotiations (if any) and resolution of any contract exceptions, the preliminary results of the eRFP process will be publicly announced, including the names of all participating suppliers and the evaluation results. Subject to the protest process, final contract award(s) will be publicly announced thereafter.

NOTE TO SUPPLIERS: The general instructions and provisions of this document have been drafted with the expectation that the State Entity will make a single award; however, please refer to Section 6.7 "Selection and Award" of this eRFP for information concerning the State Entity's actual award strategy (single, multiple, split awards, etc).

Therefore, all suppliers are strongly encouraged to arrive early to allow for unexpected travel contingencies.

2.1.5. State's Right to Request Additional Information – Supplier's Responsibility

Prior to contract award, the State Entity must be assured that the selected supplier has all of the resources to successfully perform under the contract. This includes, but is not limited to, adequate number of personnel with required skills, availability of appropriate equipment in sufficient quantity

to meet the on-going needs of the State Entity, financial resources sufficient to complete performance under the contract, and experience in similar endeavors. If, during the evaluation process, the State Entity is unable to assure itself of the supplier's ability to perform, if awarded, the State Entity has the option of requesting from the supplier any information deemed necessary to determine the supplier's responsibility. If such information is required, the supplier will be so notified and will be permitted approximately seven business days to submit the information requested.

2.1.8. Failing to Comply with Submission Instructions

Responses received after the identified due date and time or submitted by any other means than those expressly permitted by the eRFP will not be considered. Suppliers' responses must be complete in all respects, as required in each section of this eRFP.

2.1.7. Rejection of Proposals; State's Right to Waive Immaterial Deviation

The State Entity reserves the right to reject any or all responses, to waive any irregularity or informality in a supplier's response, and to accept or reject any item or combination of items, when to do so would be to the advantage of the State of Georgia. It is also within the right of the State Entity to reject responses that do not contain all elements and information requested in this eRFP. A supplier's response will be rejected if the response contains any defect or irregularity and such defect or irregularity constitutes a material deviation from the eRFP requirements, which determination will be made by the State Entity on a case-by-case basis.

2.1.8. State's Right to Amend and/or Cancel the eRFP

The State Entity reserves the right to amend this eRFP. Any revisions must be made in writing prior to the eRFP closing date and time. By submitting a response, the supplier shall be deemed to have accepted all terms and agreed to all requirements of the eRFP (including any revisions/additions made in writing prior to the close of the eRFP whether or not such revision occurred prior to the time the supplier submitted its response) unless expressly stated otherwise in the supplier's response. THEREFORE, EACH SUPPLIER IS INDIVIDUALLY RESPONSIBLE FOR REVIEWING THE REVISED eRFP AND MAKING ANY NECESSARY OR APPROPRIATE CHANGES AND/OR ADDITIONS TO THE SUPPLIER'S RESPONSE PRIOR TO THE CLOSE OF THE eRFP. Suppliers are encouraged to frequently check the eRFP for additional information. Finally, the State Entity reserves the right to cancel this eRFP at any time.

2.1.9. Protest Process

Suppliers should familiarize themselves with the procedures set forth in Chapter 6 of the *Georgia Procurement Manual*.

2.1.10. Costs for Preparing Responses

Each supplier's response should be prepared simply and economically, avoiding the use of elaborate promotional materials beyond those sufficient to provide a complete presentation. The cost for developing the response and participating in the procurement process (including the protest process) is the sole responsibility of the supplier. The State will not provide reimbursement for such costs.

2.1.11. ADA Guidelines

The State of Georgia adheres to the guidelines set forth in the Americans with Disabilities Act. Suppliers should contact the Issuing Officer at least one day in advance if they require special arrangements when attending the Bidders/Offerors' Conference (if any). The Georgia Relay Center at 1-800-255-0056 (TDD Only) or 1-800-255-0135 (Voice) will relay messages, in strict confidence, for the speech and hearing impaired.

2.1.12. Public Access to Procurement Records

Solicitation opportunities will be publicly advertised as required by law and the provisions of the Georgia Procurement Manual. The State Purchasing Act delays the release of certain procurement records in the event the public disclosure of those records prior to the State Entity's public announcements of the results of a solicitation would undermine the public purpose of obtaining the best value for the State such as cost estimates, proposals/bids, evaluation criteria, supplier evaluations, negotiation documents, offers and counter-offers, and certain records revealing preparation for the procurement. The State Purchasing Act requires bids and proposals to be available for public inspection, upon request, within one business day of the State Entity's posting of the Notice of Intent to Award (or the Notice of Award in the event the State Entity does not issue the Notice of Intent to Award). Audited financial statements not otherwise publicly available but required to be submitted as part of the supplier's response shall not be subject to public disclosure. The State Entity is allowed to assess a reasonable charge to defray the cost of reproducing documents. A state employee should be present during the time of onsite inspection of documents. PLEASE NOTE: Even though information (financial or other information) submitted by a supplier may be marked as "confidential", "proprietary", etc., the State will make its own determination regarding what information may or may not be withheld from disclosure.

2.1.13. Registered Lobbyists

By submitting a response to this eRFP, the supplier hereby certifies that the supplier and its lobbyists are in compliance with the Lobbyist Registration Requirements in accordance with the *Georgia Procurement Manual*.

2.2. Submittal Instructions

Submittal Instructions for Team Georgia Marketplace™

Listed below are key action items related to this eRFP. The Schedule of Events in Section 1.4 identifies the dates and time for these key action items. This portion of the eRFP provides high-level instructions regarding the process for reviewing the eRFP, preparing a response to the eRFP and submitting a response to the eRFP. Suppliers are required to access, print and utilize the training materials identified in Section 2.2.1 of this eRFP to ensure the supplier successfully submit a response to this eRFP.

2.2.1. eRFP Released

The release of the eRFP is formally communicated through the posting of this eRFP as an event in Team Georgia Marketplace™ and by a public announcement posted to the Georgia Procurement Registry, which is accessible online as follows: http://ssj.doas.state.ga.us/PRSApp/PR_index.jsp

This eRFP is being conducted through Team Georgia Marketplace™, an online, electronic tool, which allows a supplier to register, logon, select answers and type text in response to questions, and upload any necessary documents. Team Georgia Marketplace™ permits a supplier to build and save a response over time until the supplier is ready to submit the completed response. Each supplier interested in competing to win a contract award must complete and submit a response to this eRFP using Team Georgia Marketplace™. Therefore, each supplier MUST carefully review the instructions and training information from the following link for a comprehensive overview of the functionality of Team Georgia Marketplace™.

<http://doas.ga.gov/Training/Pages/SupplierTraining.aspx>

2.2.2. eRFP Review

The eRFP (or "Sourcing Event") consists of the following: this document, entitled "The State Entity eRFP Document", and any and all information included in the Sourcing Event, as posted online on Team Georgia Marketplace™, including any and all documents provided by the State Entity as attachments to the Sourcing Event or links contained within the Sourcing Event or its attached documents.

Please carefully review all information contained in the Event, including all documents available as attachments or available through links. Any difficulty accessing the Event or opening provided links or documents should be reported immediately to the Issuing Officer (See Section 1.5) and/or the Help Desk (Section 2.2.8). Attached documents may be found as follows:

1. First, the State Entity will provide documents at the 'header' level of the Event. Please select 'View/Add General Comments & Attachments', which appears at the top of the screen of the Event under the 'Event Details' Section. Next, by selecting 'View Event Attachments', the supplier may open and save all of the available documents. In this location, the supplier is most likely to find this document (The State Entity eRFP Document) as well as the worksheets referenced in Section 4 'eRFP Proposal Factors', such as the Mandatory Response Worksheet, the Mandatory Scored Requirements, and the Additional Scored Responses. Please thoroughly review all provided attachments.
2. Second, the State Entity may also provide documents at the 'line detail' level of the Event. Please navigate to "Step 2: Enter Line Bid Responses", which appears towards the bottom of the screen of the Event. Please access any provided documents as follows:
 - a. First Method:
 - i. To the right of each line appearing under Step 2, the Event contains a 'Bid' link. By selecting the 'Bid' link, the supplier will navigate to a new page of the Event.
 - ii. On this new page, the supplier can select 'View/Add Question Comments and Attachments' to locate attached documents.
 - b. Second Method:
 - i. To the right of each line appearing under Step 2, the Event contains a 'Line Comments/Files' icon (appears as a bubble with text). By selecting the 'Line Comments/Files' icon, the supplier will navigate to a new page of the Event.
 - ii. On this new page, the supplier can locate attached documents.

In this location, the supplier is most likely to find the cost worksheet (if any, as defined by Section 5 'Cost Proposal') as well as any other documents provided by the State Entity with respect to the identified line items. Please thoroughly review all provided attachments.

2.2.3. Preparing a Response

As noted earlier, Team Georgia Marketplace™ allows the supplier to answer questions by entering text and numeric responses. In addition, as noted in Section 2.2.4 'Uploading Forms', the supplier may also provide information by uploading electronic files. When preparing a response, the supplier must consider the following instructions:

1. Use the provided worksheets to prepare your response. Enter your responses directly into the worksheet. Unless otherwise directed, do not insert "see attached file" (or similar statements) in the worksheet to reference separate documents.
2. Answer each question in sufficient detail for evaluation while using judgment with regards to the length of response.
3. Proofread your response and make sure it is accurate and readily understandable.
4. Label any and all uploaded files using the corresponding section numbers of the eRFP or any other logical name so that the State Entity can easily organize and navigate the supplier's response.
5. Use caution in creating electronic files to be uploaded. If the State Entity is unable to open an electronic file due to a virus or because the file has become corrupted, the supplier's response may be considered incomplete and disqualified from further consideration.
6. Use commonly accepted software programs to create electronic files. The State Entity has the capability of viewing documents submitted in the following format: Microsoft Word or WordPad, Microsoft Excel, portable document format file (PDF), and plain text files with the

file extension noted in parentheses (.txt). Unless the eRFP specifically requests the use of another type of software or file format than those listed above, please contact the Issuing Officer prior to utilizing another type of software and/or file format. In the event the State Entity is unable to open an electronic file because the State Entity does not have ready access to the software utilized by the supplier, the supplier's response may be considered incomplete and disqualified from further consideration.

- 7 Continue to save your response until the response is ready to be submitted. Select the 'Save for Later' button at the top of the page under "Event Details" of the Event.

2.2.4. Uploading Forms

Once the supplier is ready to upload electronic files (completed forms or worksheets, product sheets, etc.), please following the directions within the eRFP to upload these documents in the proper location. There are three places to upload completed documents:

- 1 First, the "View/Add General Comments & Attachments" link contains a place for the supplier to upload all of the documents and worksheets which were provided by the State Entity under the "View Event Attachments" link. Once the supplier has completed the Event Attachments, the supplier can then select "Add New Attachments" to upload the completed documents. The supplier can upload as many documents as necessary in this section of the Event.
- 2 Second, the supplier can also upload documents in response to each question or bid factor which appears on the main page of the Event, which appears below the "View/Add General Comments & Attachments" link of the Event. To the right of each question or bid factor, the supplier can select the "Add Comments or Attachments" link to either enter a written response or upload an electronic document in response to the question or bid factor. After selecting "Add Comments or Attachments", the supplier should select "Upload" under the "Add New Attachments" section to browse and upload an electronic file.
- 3 Third, the supplier can also upload documents in the bottom portion of the Event where pricing is requested. After selecting the comment bubble icon, the Event allows the supplier to select "Upload" in order to include an attachment as part of the supplier's response. In the alternative, the supplier can also select the link "Bid", which also appears to the right of any line items provided in the "Enter Line Bid Responses" portion of the Event. After selecting the "Bid" link, the supplier can select "View/Add Question Comments and Attachments" to upload a document.

2.2.5. Reviewing the Response Prior to Submission

Each supplier is responsible for ensuring all questions have been answered appropriately and that all necessary documents have been uploaded. Prior to final submission of your response, please review the following checklist:

- 1 Please review and confirm that the supplier has answered all questions appropriately. Many questions require a "yes" or "no" response. Please ensure that the correct response has been selected.
- 2 Please review and confirm that the most competitive response has been provided.
- 3 Please confirm that all necessary files have been uploaded.
- 4 Please select the "Validate Entries" button under "Event Details" at the top portion of the Event. While the "Validate Entries" feature cannot verify whether the supplier has attached files, attached the correct files, or entered the correct responses, the "Validate Entries" feature will alert the supplier if one or more questions in the "Event Questions" section of the Event have not been answered. The "Validate Entries" feature is a useful tool; however, it is no substitute for careful preparation and review by the supplier. The State Entity will not consider the supplier's use of the "Validate Entries" feature as an excuse for an error committed by the supplier in the preparation of its response.

2.2.6. Submitting the Completed Response/Bid

Once the completed response has been reviewed by the supplier, click the "Submit Bid" button at the top of the page under the "Event Details" section of the Event. Any information entered by a supplier into Team Georgia Marketplace™ but not submitted prior to the submission deadline will not be released to the State Entity and will not be considered for award. Only after the supplier selects the "Submit Bid" button, will the response to the eRFP be sent electronically, time stamping the supplier's response and sending a confirmation email to the email address of the supplier. Please note that submission is not instantaneous; therefore, each supplier must allow ample time for its response to be submitted prior to the deadline.

2.2.7. Reviewing, Revising or Canceling a Submitted Response

After the response has been submitted, the supplier may view and/or revise its response by logging into Team Georgia Marketplace™ and selecting the eRFP event number and the "View/Edit" feature for the supplier's previous response. Please take note of the following:

1. **REVIEW ONLY** In the event the supplier only wishes to view a submitted response, the supplier may select "View/Edit". Once the supplier has finished viewing the response, the supplier may simply exit the screen. DO NOT SELECT "Save for Later". Team Georgia Marketplace™ recognizes any response placed in the "Save for Later" status as a work in progress and withdraws the originally submitted bid. As a result, unless the supplier selects "Submit" prior to the closing date and time, no response will be transmitted to the State Entity.
2. **REVIEW AND REVISE** In the event the supplier desires to revise a previously submitted response, the supplier may select "View/Edit" and then revise the response. If the revisions cannot be completed in a single work session, the supplier should save its progress by selecting "Save for Later". Once revisions are complete, the supplier **MUST** select "Submit" to submit its corrected response. Please permit adequate time to revise and then resubmit the response. Please note submission is not instantaneous and may be affected by several events, such as the supplier temporarily losing a connection to the Internet.

AS EACH SUPPLIER IS SOLELY RESPONSIBLE FOR RESUBMITTING ITS RESPONSE PRIOR TO THE eRFP END DATE AND TIME TO ENSURE THE RESPONSE MAY BE CONSIDERED BY THE STATE ENTITY, PLEASE USE CAUTION IN DECIDING WHETHER OR NOT TO MAKE REVISIONS. The State will assume no responsibility for a supplier's inability to correct errors or otherwise make revisions to the submitted response or the supplier's inability to resubmit a response prior to the eRFP end date and time.

3. **WITHDRAW/CANCEL** In the event the supplier desires to revise a previously submitted response, the supplier may select "View/Edit" and then select "Save for Later". Team Georgia Marketplace™ recognizes any response placed in the "Save for Later" status as a work in progress and **withdraws the originally submitted bid**. As a result, unless the supplier selects "Submit" prior to the closing date and time, no response will be transmitted to the State Entity. In the event a supplier desires to withdraw its response after the closing date and time, the supplier must submit a request in writing to the Issuing Officer.

2.2.8. Help Desk Support

For technical questions related to the use of Team Georgia Marketplace™, suppliers have access to phone support through the DOAS Customer Service Help Desk at 404-657-6000, Monday through Friday 8:00 AM to 5:00 PM, excluding State Holidays or any other day state offices are closed such as furlough days or closings in response to inclement weather. Suppliers can also email questions to ProcurementHelp@doas.ga.gov.

3. General Business Requirements

This section contains general business requirements. By submitting a response, the supplier is certifying its agreement to comply with all of the identified requirements of this section and that all costs for complying with these general business requirements are included in the supplier's submitted pricing.

3.1. Standard Insurance Requirements

Certificates of Insurance showing such coverage to be in force shall be filed with the State Entity prior to commencement of any work under the contract. The foregoing policies shall be obtained from insurance companies licensed to do business in Georgia and shall be with companies acceptable to the State Entity, which must have a minimum A.M. No contract performance shall occur unless and until the required insurance certificates are provided.

3.2 Proposal Certification

By responding to this solicitation, the supplier understands and agrees to the following:

- 1 That this electronically submitted proposal constitutes an offer, which when accepted in writing by the State Entity, and subject to the terms and conditions of such acceptance, will constitute a valid and binding contract between the supplier and the State Entity; and
- 2 That the supplier guarantees and certifies that all items included in the supplier's response meet or exceed any and all of the solicitation's identified specifications and requirements except as expressly stated otherwise in the supplier's response; and
- 3 That the response submitted by the supplier shall be valid and held open for a period of **one hundred and twenty (120) days** from the final solicitation closing date and that the supplier's offer may be held open for a lengthier period of time subject to the supplier's consent; and
- 4 That the supplier's response is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a response for the same materials, supplies, equipment, or services and is in all respects fair and without collusion or fraud. Supplier understands and agrees that collusive bidding is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards; and
- 5 That the provisions of the Official Code of Georgia Annotated, Sections 45-10-20 et seq. have not been violated and will not be violated in any respect.

2. eRFP Proposal (Bid) Factors

This section contains the detailed technical requirements and related services for this Sourcing Event. Suppliers are required to download, complete and then upload the Worksheets titled 'Supplier General Information', 'Mandatory Response Worksheet', 'Mandatory Scored Requirement Worksheet' and 'Additional Scored Response Worksheet' found as attachments in the Sourcing Event. Although many solicitations will contain all of the worksheets noted above, it is possible that a solicitation will not contain all of the worksheets. In the event all four worksheets are not available as downloadable forms to this eRFP, please confirm with the Issuing Officer that all four worksheets are not required.

Unless requested otherwise, all responses must be provided within the Excel worksheets and not as a separately attached document. Except as otherwise indicated, all requested forms and documents must be submitted electronically via the sourcing tool as an uploaded document to the supplier's response. These worksheets together with any and all other documents submitted in response to Section 4 of this eRFP will be considered the supplier's technical proposal.

The State Entity has determined that it is best to define its own needs, desired operating objectives, and desired operating environment. The State Entity will not tailor these needs to fit particular solutions suppliers may have available; rather, the suppliers shall propose to meet the State Entity's needs as defined in this eRFP. All claims shall be subject to demonstration. Suppliers are cautioned that conditional proposals, based upon assumptions, may be deemed non-responsive.

4.1. Technical Proposal Introduction

All of the items described in this section are service levels and/or terms and conditions that the State Entity expects to be satisfied by the selected supplier. Each supplier must indicate its willingness and ability to satisfy these requirements in the appropriate worksheets.

4.2. Supplier General Information

Each supplier must complete all of the requested information in the attached file entitled **Supplier's General Information Worksheet**.

DO NOT INCLUDE ANY COST/PRICING INFORMATION IN YOUR RESPONSE TO THIS WORKSHEET.

4.3. Mandatory Requirements

As specified with each requirement listed in the **Mandatory Response Worksheet**, the supplier must indicate whether its proposal meets the individual requirements by marking either a "YES" or "NO" in the response block provided. A Pass/Fail evaluation will be utilized for all mandatory requirements. Ordinarily,

to be considered responsive, responsible and eligible for award, all questions identified as mandatory must be marked "YES" to pass. There may be rare instances in which a response of "NO" is the correct and logical response in order to meet the mandatory requirement (e.g. responding "NO" that the supplier does not possess any conflicts of interest). Otherwise, any mandatory questions marked "NO" will fail the technical requirements and will result in disqualification of the proposal.

DO NOT INCLUDE ANY COST/PRICING INFORMATION IN YOUR RESPONSE TO THIS WORKSHEET.

4.4. Mandatory Scored Response

As specified with each requirement listed in the Mandatory Scored Response Worksheet, the supplier must indicate whether it will meet the individual requirement (if any) and provide a supporting narrative in the space provided. To be considered responsive, responsible and eligible for award, any and all requirements identified in the Mandatory Scored Response Worksheet must be met. There may be rare instances in which an item within the Mandatory Scored Response Worksheet does not create an individual requirement which must be met, but, instead, merely requires a response. All requirements labeled "Mandatory Scored" must be met by the supplier. Failure to meet any mandatory scored requirements may result in disqualification of the proposals. The narrative description, along with any required supporting materials, will be evaluated and awarded points in accordance with Section 6 "Proposal Evaluation, Negotiations and Award" of this eRFP.

DO NOT INCLUDE ANY COST INFORMATION IN YOUR RESPONSE TO THIS WORKSHEET.

4.5. Additional Scored Responses – N/A

All items labeled "Additional Scored Responses" represent information that is requested by the State Entity. Suppliers are encouraged to provide a thorough narrative description in the space provided in the Additional Scored Response Worksheet. Answers along with any requested supporting materials will be evaluated and awarded points in accordance with Section 6 "Proposal Evaluation, Negotiations and Award" of this eRFP.

DO NOT INCLUDE ANY COST INFORMATION IN YOUR RESPONSE TO THIS WORKSHEET.

4.8. Additional Information

As noted in Section 2.2.2 "eRFP Review", please access and review all of the attachments provided by the State Entity within the Event. If supplemental materials are requested by the State Entity to be submitted by the supplier as part of the technical proposal, the supplier should upload these additional materials as noted in Section 2.2.4 "Uploading Forms".

5. Cost Proposal

5.1. Cost Proposal

Each supplier is required to submit a cost proposal as part of its response. The cost proposal will be evaluated and scored in accordance with Section 6 "Proposal Evaluation, Negotiations and Award" of this eRFP. By submitting a response, the supplier agrees that it has read, understood, and will abide by the following instructions/rules:

1. The submitted cost proposal must include all costs of performing pursuant to the resulting contract; and
2. Cost proposals containing a minimum order/ship quantity or dollar value, unless otherwise called for in the eRFP, will be treated as non-responsive and may not be considered for award; and
3. In the event there is discrepancy between the supplier's unit price and extended price, the unit price shall govern.

4. In the event there is a discrepancy between (1) the supplier's pricing as quoted on the eRFP's provided cost worksheet and (2) the supplier's pricing as quoted by the supplier in one or more additional documents, the former shall govern; and
5. The prices quoted and listed in the cost proposal shall be firm throughout the term of the resulting contract, unless otherwise noted in the eRFP or contract.

5.2. Cost Structure and Additional Instructions

The State Entity's intent is to structure the cost format in order to facilitate comparison among all suppliers and foster competition to obtain the best market pricing. Consequently, the State Entity requires that each supplier's cost be in the format outlined below. Additional alternative cost structures will not be considered. Each supplier is cautioned that failure to comply with the instructions listed below, submission of an incomplete offer, or submission of an offer in a different format than the one requested may result in the rejection of the supplier's proposal.

Enter all information directly into the cost sheet(s). Enter numbers on each cost sheet in 'number' (two-place decimal), not 'currency' or other format unless otherwise stated. That is, omit dollar signs, commas, and any other non-essential symbols. (e.g., \$7.90 should be entered as 7.90). Prices must be in US Dollars. Enter 'n/a' to indicate not available or '0' if there is no charge. Cells left blank will be interpreted as 'no offer'.

Download the cost worksheet, complete the worksheet and then upload the worksheet by following the instructions in the third bullet of Section 2.2.4 "Uploading Forms" of this eRFP.

6. Proposal Evaluation, Negotiations and Award

All timely proposals will be evaluated in accordance with the following steps. The objective of the evaluation process is to identify the proposal which represents the best value to the State Entity based on a combination of technical and cost factors. Based on the results of the initial evaluation, the State Entity may or may not elect to negotiate technical and/or cost factors as further described in the eRFP. In the event negotiations of the technical and/or cost factors occur, the revised proposals will be reevaluated in accordance with the provisions of Section 6.4 "Scoring Criteria" of this eRFP. Once the evaluation process has been completed (and any negotiations the State Entity desires to conduct have occurred), the apparent successful supplier(s) will be required to enter into discussions with the State Entity to resolve any exceptions to the State Entity's contract. The State Entity will announce the results of the eRFP as described further in Section 6.9 "Public Award Announcement" of this eRFP.

6.1. Administrative/Preliminary Review

First, the proposals will be reviewed by the Issuing Officer to determine the proposal's compliance with the following requirements:

1. Proposal was submitted by deadline in accordance with Section 2
2. Proposal is complete and contains all required documents
3. Technical Proposal does not include any pricing from the Cost Proposal

6.2. Evaluating Proposal Factors (Section 4)

If the supplier's proposal passes the Administrative/Preliminary Review, the supplier's responses to Section 4 "eRFP Proposal Factors" will be submitted to the Evaluation Team for evaluation.

6.2.1. Review of Mandatory and Mandatory Scored Questions

The Evaluation Team will review each proposal in detail to determine its compliance with mandatory eRFP requirements. Responses to both "Mandatory" and "Mandatory Scored" Questions will be evaluated on a pass/fail basis. If a proposal fails to meet a mandatory and/or mandatory scored eRFP requirement, the State Entity will determine if the deviation is material. A material deviation will be cause for rejection of the proposal. An immaterial deviation will be processed as if no deviation had occurred. All proposals which meet the requirements of the "Mandatory" and "Mandatory Scored" Questions are considered "Responsive Proposals" at this

point in time and will be scored in accordance with the point allocation in Section 6.4 "Scoring Criteria" of this eRFP.

6.2.2. Review of Additional Scored Information Questions – N/A

For all proposals determined to be "Responsive Proposals", the Evaluation Team will review and score the responses to the Additional Scored Information (if any) in accordance with the point allocation in Section 6.4 "Scoring Criteria" of this eRFP.

The supplier will receive a total technical score at the conclusion of the evaluation of the eRFP Proposal Factors.

6.3. Evaluating Cost Proposal and Total Combined Score

The cost proposals will be reviewed and scored in accordance with Section 6.4 "Scoring Criteria". To expedite the evaluation process, the State Entity reserves the right to analyze the cost proposals independently, but at the same time the Evaluation Team is analyzing the technical proposals, provided neither the cost proposals nor the cost analysis is disclosed to the Evaluation Team until the Evaluation Team completes its initial evaluation and scoring of the eRFP Proposal Factors.

6.3.1. Cost Scoring

The State Entity may utilize lowest cost, lowest total cost, and total cost of ownership (TCO) or greatest savings to determine the most competitive cost proposal. The cost proposal may be scored on an overall basis or at the category/subcategory/line level (as applicable) relative to other proposals. The supplier deemed to have the most competitive cost proposal overall, as determined by the State Entity, will receive the maximum weighted score for the cost criteria. In the alternative, in the event the cost proposal is scored at the category, subcategory or line level, the State Entity may assign the maximum score per category/subcategory/line for the most competitive proposal at that level. Other proposals will receive a percentage of the weighted score based on the percentage differential between the most competitive cost proposal and the specific proposal in question.

6.3.2. Georgia Enterprises for Products and Services (GEPS)

In the event the issuing officer has received a response from GEPS, the issuing officer must factor in a price preference of 8% for purposes of cost evaluation. The price preference of 8% has been approved by DOAS in accordance with the State Use Law set forth at O.C.G.A. 50-5-135 et seq., which is intended to create opportunities for disabled persons employed by community-based rehabilitation programs and training centers that are certified by the State Use Council. To implement the price preference, the issuing officer must lower GEPS' price by 8% when comparing GEPS' price with any other supplier's response. However, in the event GEPS wins the contract award, GEPS must be paid at its actual bid price.

6.3.3. Total Score

The supplier's cost score will be combined with the supplier's technical score to determine the supplier's overall score (or "total combined score").

6.4. Scoring Criteria

The evaluation is comprised of the following:

Category	Criteria	Points
Cost	1. Cost of proposed products and/or services	300 points
Technical/Proposal Factors	2. "Mandatory" Requirements	Pass/Fail
Technical/Proposal Factors	3. "Mandatory Scored" and/or "Additional Scored" Responses	700 points

Total	N/A	1000 points
-------	-----	-------------

6.6. Georgia Based Business/Reciprocal Preference Law O.C.G.A. §50-5-60(b)

For the purposes of evaluation only, suppliers resident in the State of Georgia will be granted the same preference over suppliers resident in another state in the same manner, on the same basis, and to the same extent that preference is granted in awarding bids for the same goods or services by such other state to suppliers resident therein over suppliers resident in the State of Georgia. NOTE: For the purposes of this law, the definition of a resident supplier is a supplier who is domiciled in the State of Georgia.

6.6. Negotiations of Proposals and/or Cost Factors

DOAS possesses discretionary authority to conduct one or more rounds of negotiations of technical proposal and/or cost factors as permitted by Georgia law and DOAS' established procurement policy. This section of the eRFP describes DOAS' process for utilizing its discretionary negotiation authority as defined by O.C.G.A. Section 50-5-67(a)(6). No state entity is permitted to conduct negotiations of proposal and/or cost factors without DOAS' supervision unless DOAS has expressly authorized the state entity to conduct negotiations on its own. Although this section addresses DOAS' right to negotiate in accordance with O.C.G.A. §50-5-67(a)(6), DOAS/State Entity reserves the right to conduct any other negotiations authorized by law.

The objective of negotiations is to obtain the supplier's best terms. PLEASE NOTE: NEGOTIATIONS ARE DISCRETIONARY. THEREFORE, THE STATE ENTITY URGES THE SUPPLIER (1) TO SUBMIT ITS BEST RESPONSE AND (2) NOT TO ASSUME THE SUPPLIER WILL BE GRANTED AN OPPORTUNITY TO NEGOTIATE.

6.6.1. Overview of Negotiations

After the Evaluation Team has scored the suppliers' proposals, the State Entity may elect to enter into one or more rounds of negotiations with all responsive and responsible suppliers or only those suppliers identified by the Evaluation Team as being in the competitive range. The competitive range will not be selected arbitrarily and those suppliers included in the competitive range must have highly scored proposals.

After each round of negotiations (if any), the supplier will submit revisions to its proposal factors and/or cost proposal, which revisions will be scored by the Evaluation Team in accordance with the same criteria used to evaluate the initial responses from the suppliers. Suppliers may be removed from further participation in the negotiation process in the event the Evaluation Team determines the supplier cannot be considered responsive and responsible or based on the competitive range as defined in Section 6.6.3 'Competitive Range'.

The State Entity reserves the right to proceed to award without further discussions after receipt of the initial proposals, in which case, negotiations and Proposal Revisions will not be required.

6.6.2. Negotiation Instructions

Listed below are the key action items related to negotiations. The State's Negotiation Committee may consist of the State's Evaluation Committee or may be comprised of different people. However, evaluation of proposals or revised proposals shall be completed only by the State's Evaluation Committee.

- 1. Negotiation Invitation** Those suppliers identified by the Evaluation Committee to negotiate will be notified and invited to attend negotiations. Suppliers will be notified in writing: (i) the general purpose and scope of the negotiations; (ii) the anticipated schedule for the negotiations; and (iii) the procedures to be followed for negotiations.

2. Confirmation of Attendance: Suppliers who have been invited to participate in negotiations must confirm attendance

3. Negotiations Round(s): One or more rounds of negotiations may be conducted with those suppliers identified by the State's Evaluation Team

6.6.3. Competitive Range

If the State Entity elects to negotiate pursuant to Section 6.6, the State Entity may either (1) elect to negotiate with all responsive and responsible suppliers, (2) limit negotiations to those suppliers identified within the competitive range, or (3) limit negotiations to the number of suppliers with whom the State Entity may reasonably negotiate as defined below. In the event the State Entity elects to limit negotiations to those suppliers identified within the competitive range, the State Entity will identify the competitive range by (1) ranking suppliers' proposals from highest to lowest based on each supplier's Total Combined Score and (2) then looking for breaks in the scores such that natural groupings of similar scores may be identified. In the event the State Entity determines the number of responsive and responsible suppliers is so great that the State Entity cannot reasonably conduct negotiations (which determination shall be solely at the State Entity's discretion and shall be conclusive), the State Entity may elect to limit negotiations to the top three (3) ranked suppliers as determined by the Total Combined Score.

6.6.4. Negotiation Round Completion

As part of each round of negotiation, the State Entity may or may not engage in verbal discussions with the suppliers. However, whether or not the State Entity engages in verbal discussions, any revisions the supplier elects to make to its response must be submitted in writing via email by the end date and time identified by the Issuing Officer. All revisions received by the due date and time will be evaluated and re-scored by the Evaluation Team in accordance with the same criteria used to evaluate the initial responses from the suppliers. Revisions which are not received prior to the due date and time cannot be considered; however, any supplier failing to submit timely revisions will not be disqualified from consideration for award based on its final proposal as accepted by the State Entity.

6.7. Selection and Award

The responsive and responsible supplier receiving the highest Total Combined Score and with whom the State Entity is able to reach agreement as to contract terms will be selected for award.

6.8. Site Visits and Oral Presentations

The State Entity reserves the right to conduct site visits or to invite suppliers to present their proposal factors/technical solutions to the Evaluation Team. Cost proposals and related cost information must not be discussed during the oral presentation of the supplier's technical solution. Nothing in this section shall prohibit the Negotiation Team from discussing both proposal factors and cost information during the negotiation process defined by Section 6.6 "Negotiations of Proposals and/or Cost Factors".

6.9. Public Award Announcement

The preliminary results of the evaluation will be announced through the public posting of a Notice of Intent to Award (in the event the value of the contract(s) is estimated to be \$100,000 or more in the first year) to the Georgia Procurement Registry. The Notice of Intent to Award ("NOIA") is not notice of an actual contract award; instead, the NOIA is notice of the State Entity's expected contract award(s) pending resolution of the protest process. The NOIA (if any) will identify the apparent successful supplier(s), unsuccessful supplier(s), and the reasons why any unsuccessful suppliers were not selected for contract award. NO SUPPLIER SHOULD ASSUME PERSONAL NOTICE OF THE NOTICE OF INTENT TO AWARD ("NOIA") WILL BE PROVIDED BY THE STATE ENTITY. INSTEAD, ALL SUPPLIERS SHOULD FREQUENTLY CHECK THE GEORGIA PROCUREMENT REGISTRY FOR NOTICE OF THE NOIA.

The Notice of Award ("NOA") is the State Entity's public notice of actual contract award(s). The NOA will be publicly posted to the Georgia Procurement Registry.

7. Contract Terms and Conditions

The contract that the State Entity expects to award as a result of this eRFP will be based upon the eRFP, the successful supplier's final response as accepted by the State Entity and the contract terms and conditions, which terms and conditions can be downloaded from the Sourcing Event. The "successful supplier's final response as accepted by the State Entity" shall mean the final cost and technical proposals submitted by the awarded supplier and any subsequent revisions to the awarded supplier's cost and technical proposals and the contract terms and conditions due to negotiations, written clarifications or changes made in accordance with the provisions of the eRFP, and any other terms deemed necessary by the State Entity, except that no objection or amendment by the supplier to the eRFP requirements or the contract terms and conditions shall be incorporated by reference into the contract unless the State Entity has explicitly accepted the supplier's objection or amendment in writing.

Please review the State Entity's contract terms and conditions prior to submitting a response to this eRFP. Suppliers should plan on the contract terms and conditions contained in this eRFP being included in any award as a result of this eRFP. Therefore, all costs associated with complying with these requirements should be included in any pricing quoted by the suppliers. The contract terms and conditions may be supplemented or revised before contract execution and are provided to enable suppliers to better evaluate the costs associated with the eRFP and the potential resulting contract.

Exception to Contract

By submitting a proposal, each supplier acknowledges its acceptance of the eRFP specifications and the contract terms and conditions without change except as otherwise expressly stated in the submitted proposal. If a supplier takes exception to a contract provision, the supplier must state the reason for the exception and state the specific contract language it proposes to include in place of the provision. Any exceptions to the contract must be uploaded and submitted as an attachment to the supplier's response. Proposed exceptions must not conflict with or attempt to preempt mandatory requirements specified in the eRFP.

In the event the supplier is selected for potential award, the supplier will be required to enter into discussions with the State Entity to resolve any contractual differences before an award is made. These discussions are to be finalized and all exceptions resolved within the period of time identified in the schedule of events. Failure to resolve any contractual issues will lead to rejection of the supplier. The State Entity reserves the right to proceed to discussions with the next best ranked supplier.

The State Entity reserves the right to modify the contract to be consistent with the apparent successful offer, and to negotiate other modifications with the apparent successful supplier. Exceptions that materially change the terms or the requirements of the eRFP may be deemed non-responsive by the State Entity, in its sole discretion, and rejected. Contract exceptions which grant the supplier an impermissible competitive advantage, as determined by the State Entity, in its sole discretion, will be rejected. If there is any question whether a particular contract exception would be permissible, the supplier is strongly encouraged to inquire via written question submitted to the Issuing Officer prior to the deadline for submitting written questions as defined by the Schedule of Events.

Is your company a scrutinized company?

Any Supplier that currently and/or previously, within the last three years, has had business activities or other operations outside of the United States, must certify that it is not a "scrutinized company". A scrutinized company is a company conducting business operations in Sudan that is involved in power production activities, mineral extraction activities oil-related activities, or the production of military equipment, but excludes a company which can demonstrate any of the following exceptions noted in O.C.G.A. Section 50-5-64. False certification hereunder may result in civil penalties, contract termination, ineligibility to bid on state contractors for three or more years, and/or any other available remedy. If the Supplier is a scrutinized company, the Supplier shall not be eligible to bid on or submit a proposal for a contract with the State Entity unless DOAS makes a determination in accordance with O.C.G.A. Section 50-5-64 that it is in the best interests of the State to permit the scrutinized company to submit a bid or proposal. Any scrutinized company desiring DOAS to make such a determination should contact both DOAS and the Issuing Officer immediately.

Please make a selection from the three options:

- A. I certify my company is NOT a "securitized company"
- B. I certify my company is a "securitized company"
- C. I certify I have requested and received written permission from DOAS to submit a response to this Event in accordance with O.C.G.A. Section 50-5-84.

As part of properly maintaining your account, you must immediately deactivate registered representatives of your company who are no longer authorized to represent your company (e.g. terminated employees, etc.). DGAS reserves the right to assign expiration dates to registrations, classify registrations as inactive, or remove registrations when to do so is in our best interests. Reciprocal Preference Law O.C.G.A. §50-5-60(b) in which state is your company domiciled?

For the purposes of evaluation only, Suppliers resident in the State of Georgia will be granted the same preference over Suppliers resident in another state in the same manner, on the same basis, and to the same extent that preference is granted in awarding bids for the same goods or services by such other state to Suppliers resident therein over Suppliers resident in the State of Georgia.

NOTE: For the purposes of this law, the definition of a resident Supplier is a Supplier who is domiciled in the State of Georgia.

Georgia

Please select the option that most accurately defines your company, based on the definitions below:

***Georgia Resident Business means any business that regularly maintains a place from which business is physically conducted in Georgia for at least one year prior to any bid or proposal to the state or a new business that is domiciled in Georgia and which regularly maintains a place from which business is physically conducted in Georgia; provided, however, that a place from which business is conducted shall not include a post office box, a leased private mailbox, site trailer or temporary structure.

****A Small business is defined as a business that is independently owned and operated. In addition, such a business must either have fewer than 300 employees or less than \$30 million in gross receipts per year.**

***A Georgia Resident Small Business would be a business that meets the requirements for both a Georgia Resident and Small Business.**

Also, the State encourages all companies to sub-contract portions of any state contract to small and minority business enterprises. Suppliers interested in taking advantage of the Georgia income tax incentives provided for by the Official Code of Georgia Annotated Section 48-7-38, relative to the use of minority subcontractors in the performance of contracts awarded by the State of Georgia, should contact the Vendor Relations Administrator.

Is your company a scrutinized company?

Any Supplier that currently and/or previously, within the last three years, has had business activities or other operations outside of the United States, must certify that it is not a "scrutinized company". A scrutinized company is a company conducting business operations in Sudan that is involved in power production activities, mineral extraction activities, oil-related activities, or the production of military equipment, but excludes a company which can demonstrate any of the following exceptions noted in O.C.G.A. 1. Offeror must possess a minimum of 5 years of documented experience providing contract management services with a similar scope of services.

Response:

Life Resources of Georgia Inc. (LRG) began in 2007 with the mission to advance the scope, effectiveness, and impact of pregnancy care organizations in Georgia. In the course of fulfilling this mission, we have acquired experience in the following areas:

1. Grant Management - LRG has established two grant programs for GA pregnancy care organizations. These programs involved the development, screening, awarding, and maintenance of grants related to ultrasound proficiency trainings and technology.
2. Quality Control – LRG has developed and implemented a program whereby centers must meet stringent qualifications and operational standards in order to receive the program’s “seal of approval”.
3. Networking – Almost ten years ago, LRG initiated the networking of over 65 pregnancy care organizations in GA and has maintained continuous communication through a statewide email distribution list, conferences, seminars and personal relationships.
4. Reporting – LRG has gathered statistical information from the GA centers annually since 2007.

QUESTION #3

ABC
WOMEN'S CLINIC

Transforming Fear Into Confidence

June 1, 2017

Re: Life Resources of Georgia

To Whom it may concern:

Life Resources of Georgia (LRG) has been assisting Pregnancy Clinics and Pregnancy Centers for a decade with professionalism and excellence. The transition to Christina Middleton as Director only strengthens the organization's ability and reach.

LRG consistently serves Georgia clinics and centers through networking and training opportunities and has provided numerous grants throughout the years to assist in various aspects of serving women in unplanned pregnancies.

For ABC Women's Clinic specifically, Life Resources of Georgia provided grant funds for nurses to be trained in limited obstetrical ultrasound. The application process, oversight, and evaluation were handled in a timely and professional manner. They have also provided training opportunities and helped staff in strategies for improvement, both of which were of great benefit to ABC.

Having worked with Donna Perry for many years at LRG and Christina Middleton at Pregnancy Solutions before and during LRG, it is my pleasure to recommend Life Resources of Georgia as State Contract Agency for the oversight of funds provided by the General Assembly in SB 308.

I can be contacted by phone at 478.368.2102 or email beckywood@lrginc.com for more information.

Thank you for a positive response to Life Resources of Georgia as Contract Agency.

Sincerely,

Becky Wood

To Whom It May Concern:

Life Resources of Georgia has been an incredible organization offering encouragement, networking and training opportunities to pregnancy centers. These opportunities have strengthened centers by supporting the executive directors as well as taking a bit of the load off of them. LRG does a professional job of training new volunteer client advocates as well as new board members. This brings consistency to all the centers who will participate.

Athens Pregnancy Center underwent a medical conversion in 2008 in order to provide our clients with an ultrasound. It was a very involved and costly season for our small pregnancy center. One of the most encouraging aspects was learning that we could apply for a grant from Life Resources of Georgia to help cover the cost of training a Nurse Manager. I was able to complete the needed information required for a grant and our center was very blessed when we learned that we had been awarded the funds to help cover the training cost. The application process was done in a very timely manner with clear communication of expectations and a site visit was soon made. After a full year of being a medical pregnancy center our number of new clients went from 450 to 650 and we continue to see this number increase.

It is a pleasure to recommend Life Resources of Georgia as the State Contract Agency for the oversight of funds provided by the General Assembly of Georgia.

Because Every Life Counts.

To Whom It May Concern:

It is a privilege to recommend Life Resources of Georgia's services. LRG has been an organization we have learned to trust and rely on. They have helped us in raising our standard of care for our patients. They have assisted in training staff, volunteers and board members. They have conducted on-site evaluations, made suggestions for better flow and overall care of patients, and promote healthy communication. Sound Choices has been the recipient of their professionalism and dedication. We have also received financial assistance through their grant program.

Sound Choices will continue to look to Life Resources of Georgia for the resources they provide and for the way they care about our services and those we serve. If we can assist you further in recommending LRG, please do not hesitate to call us.

Sincerely,

Dear Applicant:

We are pleased to inform you that upon review of your application for tax exempt status we have determined that you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code. Contributions to you are deductible under section 170 of the Code. You are also qualified to receive tax deductible bequests, devises, transfers or gifts under section 2055, 2106 or 2522 of the Code. Because this letter could help resolve any questions regarding your exempt status, you should keep it in your permanent records.

Organizations exempt under section 501(c)(3) of the Code are further classified as either public charities or private foundations. During your advance ruling period, you will be treated as a public charity. Your advance ruling period begins with the effective date of your exemption and ends with advance ruling ending date shown in the heading of the letter.

Shortly before the end of your advance ruling period, we will send you Form 8734, Support Schedule for Advance Ruling Period. You will have 90 days after the end of your advance ruling period to return the completed form. We will then notify you, in writing, about your public charity status.

Please see enclosed Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, for some helpful information about your responsibilities as an exempt organization.

- A. Notify Contractor of any new limitation in DPH's Notice of Privacy Practices in accordance with the provisions of the Privacy Rule if such limitation will affect Contractor's use or disclosure of PHI.

- C. Notify Contractor of any restriction regarding its use or disclosure of PHI that DPH has agreed to in accordance with the Privacy Rule if such restriction will affect Contractor's use or disclosure of PHI.
- D. Before agreeing to any changes in or revocation of permission by an individual, or any restriction to use or disclose PHI, DPH will contact Contractor to determine feasibility of compliance. DPH agrees to assume all costs incurred by Contractor in compliance with such special requests.

10. The effective date of this Agreement shall be the same as that of the Contract. Unless otherwise terminated, this Agreement shall continue until all of the PHI provided by DPH to Contractor, or

created or received by Contractor on behalf of DPH, is destroyed or returned to DPH.

- A. Termination for Cause. Upon violation of a material term of this Agreement by Contractor, DPH may provide an opportunity for Contractor to cure the breach and, if Contractor fails to cure the breach, terminate the contract upon 30 calendar days' notice.
- B. Termination for Convenience. In the event that the Contract is terminated for any reason, then DPH may terminate this Agreement for convenience.
- C. Effect of Termination.
 - i. Upon termination of this Agreement, DPH shall determine whether return or destruction of PHI is feasible. If so, then Contractor shall at the direction of DPH either destroy the PHI or to return it to DPH, keeping no copies. If DPH determines that return or destruction is not feasible, then Contractor shall continue to extend the protections of this Agreement to the PHI for as long as Contractor maintains the PHI, and shall limit the use and disclosure of the PHI to those purposes that make the return or destruction of the PHI infeasible.
 - ii. The obligations imposed upon Contractor with respect to its care, use, and disclosure of PHI, and its duty to comply with the Privacy and Security Rule with regard to such PHI, shall survive the termination of this Agreement and the termination or completion of the Contract.

11. Nothing in this Agreement is intended to confer any rights, remedies, obligations, or liabilities upon anyone other than DPH and Contractor.

12. This Agreement is intended to supplement, and not to diminish or alter, the terms and conditions of the Contract.
